Suppliers of blow moulded plastic products

COMPANY PROFILE

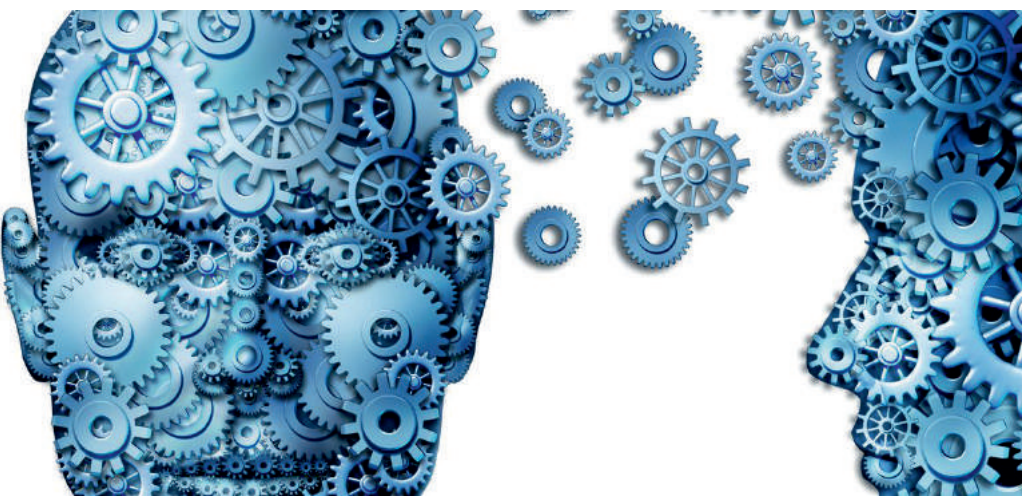

We are one of India's leading suppliers of blow moulded plastic products. We have been in this industry since 2008. Our products have been the brand of choice for Industrial, pharmaceutical, and domestic use. We offer a wide range of bottles, jars and containers from 100 ml capacity to 20 ltrs capacity. We can also custom design and manufacture products as per client's specifications.

KEY ACHIEVEMENTS

- The management of the company comes from the family of pioneers of blow moulded plastic containers in north India.
- Over 35 years of experience and three generations into the industry.
- Among the pioneers of dollu shaped veterinary medicine cans in north India.

WHAT MAKES US SPECIAL?

Our commitment to quality makes us special. Quality control and on time delivery is vitally important to us. Our quality audit starts from the raw material stage and continues right up to the point that the product leaves the factory. Our products are designed in such a way that they fulfill the needs of clients and are handy for their specific uses. This saves the client both their time and money. We maintain our exclusive relationship with our customers and assure their complete satisfaction. We believe in "Quality is remembered long even after the price is forgotten".

TECHNOLOGY

We have a fully automated state of the art production facility situated over 500 sq. mtrs of area in Site-IV Industrial Area, Sahibabad Ghaziabad, Uttar Pradesh. A team of experienced and learned workforce keeps us ahead of competition. We use virgin raw materials. We welcome our customers to come visit our plant whenever they feel like.

OUR PRODUCTS

We have a complete range of HDPE bottles, jars and jerrycanes ranging from 100 ml to 20 ltrs. Our products are food grade, corrosion free, odour less and non-toxic. They are safe for use with all forms of industrial and hazardous chemicals, solvents, powders, gels etc. Our products conform to ISO standards and export requirements of different countries.
