

SHARDA®

Finest Quality Since 1971

Sharda Containers Pvt. Ltd.

AN ISO 9001 : 2015 Certified Company (BSI)

► ABOUT US

SHARDA containers combines more than 40 years of packaging technology experience, with a profound understanding of specific market requirements, specializing in production of PE drums and containers, with an extensive range of sizes from 500 ml. To 250 litres in capacity.

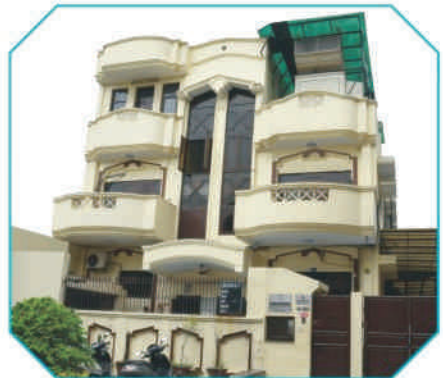

We have emerged as a promising player that has grown by leaps and bounds. We are identified by the premium quality of our products by using high performance raw material which have been manufactured to the highest standard. Our decades long experience and continuous substantial investment have ensured leading technology for our production.

In this consumer driven environment, our production sites are running 24/7 to meet the demand and deliver unparalleled innovative, high-quality industrial packaging solution with fully automatic ultra-modern plants.

Our three-production sites aim at delivering fastest, flexible, high quality and reliable packaging in the industry. The ISO 9001:2015 quality management certification from the British Standard Institution is a benchmark in itself against the best possible materials, processes and systems in the plastic industries.

► INFRASTRUCTURE

1. Three manufacturing facilities in Delhi & Noida.
2. Ultra modern plant with latest machine (200 Point Parison MOOG, Germany).
3. 24 hours power back-up.
4. In-house support function for machine maintenance to avoid breakdowns and new design developments.
5. In-house printing machines for drum printing.
6. Quality testing instruments as per UN And UL Standards.
7. In-house injection moulding machine for caps and accessories for drums.

► COMPANY QUALITY POLICY

We are committed to customer satisfaction in supply of containers

- S - Superior Products certified by quality management system (ISO 9001 : 2015) BSI
- C - Cutting edge technology and continuous investment in machinery.
- P - Professional and Personalised Service
- L - Look for long term business venture & employees welfare.

► QUALITY TESTS

Safe > Effecient > Eco-Friendly > Economical

From a humble beginning in 1971 SHARDA, Today is one of the leading developer and manufacturer of plastic packaging industry. High quality standards, extensive technological know how and distinctive innovative ability, help us to meet the request of our customers in respect of functionality, optimized handling and profitability.

Our company operates an Integrated Management System that embraces Quality Management and Health and Safety Management.

Our quality policy is: "To provide continuous Innovative packaging solution that meet the requirements of each customer".

We use only prime virgin and food grade raw material from reputed manufacturer like HALDIA PETROCHEMICALS LTD, ONGC PETRO ADDITIONS LTD, GAIL INDIA LTD and QATAR PETRO CHEMICALS LTD. and US.FDA Master Batches from AMPACET Ltd (U.S). We use HXM, HM- HDPE, PP, CP and LLDP to manufacture the high-end quality range of containers. Strict quality control is maintained during manufacturing including batch and lot traceability of raw material.

Management and Employees are fully committed to this Quality Policy.

We have appointed a team of quality controllers to conduct various quality test include :

- Weight Observation
- Drop Testing
- Leakage Testing
- Stack Load Testing
- Hydro Static Testing
- Print Adhesion Testing
- Handle Strength Testing
- Wall Thickness Testing
- Melt Flow Index
- Pin Hole Testing

► CERTIFICATION

Rely on Sharda containers for all your packaging needs. We offer large variety of drums and accessories that have been designed with compliance and value in mind. They are suitable for moving, storing, labeling and sealing, following stringent quality checks and testing.

**Finest Quality
Since 1971**

We provide UN certification for both Air and Sea from Indian Institute of Packaging for exports.

Sharda Containers also manufactures UL certified containers. UL (Underwriters Laboratories) is a global independent safety certification organisation based in Northbrook, Illinois U.S.A.

Sharda containers has stringent quality checks resulting in ISO 9001:2015 quality management certificate from The British Standard Institution.

We, at Sharda take pride in the fact that our entire raw material (HM-HDPE) is food grade quality. We use US FDA approved colours for manufacturing of our drums.

▶ INDUSTRIES SERVED

Our manufactured products are widely used for various industries. Our products are suitable for packaging and transportation of liquid, powder and semi-liquid substances.

☞ **Food Industry**

☞ **Industrial Chemical**

☞ **Petrochemical**
